# FRISCO PRIMARY CARE, P.A. FINANCIAL POLICY

PATIENT NAME: \_\_\_\_\_ DATE OF BIRTH: \_\_\_\_\_

Thank you for choosing Frisco Primary Care, P.A. as your health care provider. We are committed to providing excellent health care services to you, our patient. As a part of our professional relationship, it is important that you have a complete understanding of our Financial Policy.

## **ALL PATIENTS MUST READ AND SIGN THIS FORM PRIOR TO RECEIVING MEDICAL SERVICES.**

- **It is your responsibility to provide us with your most current insurance information.** Most insurance companies only allow a limited number of days to file a claim after the date of service. If you fail to provide our office accurate insurance information in a timely manner, your insurance company may deny the claim. If the claim is denied, you will be financially responsible for services rendered.
- **We must emphasize that, as medical providers, our relationship is with you, the patient, and not your insurance company.** Your insurance is a contract between you, your insurance company, and possibly your employer. **It is ultimately your responsibility to know and understand the types of services covered and reimbursements provided by your insurance company.**
- We may accept assignment of insurance after verification of your coverage. Please be aware that some or perhaps all of the services provided may not be covered in full by your insurance company. **You are financially responsible for any services not covered by your insurance company.**
- Before receiving services, you must verify that we are participating in-network providers with your insurance company. It is also necessary that our physician is listed as your primary care provider with your insurance company, if required by your contract with your insurance company.
- **Co-payments, coinsurance, and/or deductibles are due at the time of service.** We will estimate the amount you owe based on information we receive from your insurance company. However, you are responsible for paying the full amount determined by your insurance company once they have paid your claim – regardless of our estimation. For your convenience, we have our list of fees posted in the Lobby.
- **Patients without insurance coverage are required to pay the balance in full at the time of service.**
- We do not file claims to any Workers Compensation programs or on claims for automobile-related accidents.
- It is your responsibility to provide us with your most current billing information. Please provide your most current billing address, all available telephone numbers, and any other important contact information. If your address or contact information changes, please contact us with the updated information.
- As a courtesy and convenience for our patients, we draw labwork in our office and submit directly to the lab (LabCorp and/or Quest) for processing. **The lab will bill your insurance directly for any labwork we send to them on your behalf. If any balance on a test is unpaid by your insurance, you will receive a bill directly from the lab. It is ultimately your responsibility to understand your individual insurance policy and which lab tests / services they will and will not pay for and you have the right to decline any test(s) ordered at the time of service. We cannot recode lab visits and diagnosis codes cannot be changed once submitted to the lab for processing. If you have a dispute regarding a lab bill, please contact the lab and/or your insurance company directly.**
- We will send a statement (to the billing address you provide) notifying you of any balances you may owe to us. If you have any questions or dispute the validity of this balance, please contact our billing office within 30-days after receipt of the initial statement at (214) 842-6449.
- **We accept cash, credit cards, debit cards, and most Health Savings Account cards as forms of payment.**
- **Payment in full is due upon receipt of the statement.** Patient balances not paid in full within 30 days of the statement issue date are deemed past due. **Past due accounts may be referred to a professional collection agency for further collection activity and our physician / patient relationship with you could be terminated.**
- If your account is assigned to a professional collection agency, you will be notified by certified mail that you will no longer be able to receive services from any of the physicians at Frisco Primary Care, P.A. Failure to accept this certified letter (and/or to pick it up at the post office) serves as notice of termination of services.
- **Failure to pay your account balance will result in us cancelling or rescheduling your appointment until your balance is paid in full.**

By signing below, I acknowledge I have read and agree to the terms of the Financial Policy.

**Controlled Substance Agreement**

The purpose of this Agreement is to prevent confusion about certain prescription medications that are controlled substances that you may be prescribed for pain or other illness management. This Agreement is to help both you and your doctor follow the state and federal laws on controlled substances. Controlled substances include medication such as narcotic pain relievers, stimulants, anxiety medications, ADHD / ADD medications, and sleeping medications. These medications are controlled and regulated by the Department of Public Safety based upon their medicinal value, harmfulness, and potential for abuse or addiction.

**Effective January 1, 2013, the Texas Department of Public Safety has implemented an online registry that requires any physician prescribing a controlled substance to check the prescription history of a patient. This online portal allows the doctor to view the prescription history of the patient to determine which (if any) controlled substances they have received in the past 12 months. This portal allows us to view the prescribing doctor's name, pharmacy name, date filled, etc. This is a mandatory state policy and does not require us to obtain written permission or signed consent from the patient.**

I understand that this Agreement is important to the trust and confidence necessary in a doctor/patient relationship. I understand my doctor's goal is to provide safe and optimal medical care to the patient and he / she may be unable to do so if I intentionally withhold medical information crucial to my care. I understand that my doctor agrees to treat me based on my compliance with this Agreement. My doctor can refer me to a Pain Management specialist, psychiatric specialist, or other specialist if he/she deems it necessary.

I understand that if I violate this Agreement in any way, my doctor will stop prescribing these medications and can discontinue providing ongoing medical care to me. I agree to follow the guidelines listed below:

- I understand that my doctor will not prescribe controlled substances without a recent evaluation of my medical condition, which may include x-rays or other tests my doctor deems necessary.
- I will not use any illegal substances, including marijuana, cocaine, or other non-prescribed illegally obtained substances.
- I understand I will be subject to random drug screenings during the course of my care.
- I will not share, sell, or trade my medicine with anyone.
- I will not obtain controlled medications, including pain medicines, stimulants, or anti-anxiety medicines ***from any other prescriber without notifying my doctor.*** If I require emergency care or hospitalization, it is my responsibility to notify my doctor immediately of any duplicate medications prescribed. Failure to report this information is a direct violation of the Agreement.
- I will protect my medicine from getting lost or stolen. Lost or stolen medicines will not be replaced without an official police report of the theft; however, it is ultimately at my doctor's discretion. In addition, my pharmacy and/or insurance may decline this prescription even if my doctor approves a refill due to special circumstances.
- I will notify my doctor at least three (3) business days in advance of running out of my medication to allow adequate time for the doctor to approve the medication refill.
- I will not request early refills on any of the controlled substances prescribed to me.
- I will not request refills of controlled substances on weekends or holidays.
- I will take this medication only as directed by my doctor and will not take more than what he / she has recommended.
- I will only use one pharmacy to fill these medications and I will provide this pharmacy information to my doctor.
- I understand that all controlled medications will be sent directly to my pharmacy via an electronic prescription and I will not be given a paper copy of this prescription.
- I understand that in order to continue to receive my prescription, my doctor will require me to attend follow-up office visits as frequently as he / she deems necessary to monitor my condition and the medication I am on. I also understand that failure to comply with the recommended follow-up care can result in my prescription refill request to be denied and possible termination of my care.

By signing below, I agree to the terms and conditions of this Agreement. I also understand that the doctor may terminate our relationship at any time if he/she has cause to believe that I am not complying with the terms of this Agreement, or if he / she believes that I have made a misrepresentation or false statements concerning my symptoms or my compliance with the terms of this Agreement.

This Notice of Privacy Practices describes how we may use and disclose your protected health information to carry out your treatment, payment for your health care, or health care (clinic) operations and for other purposes that are permitted or required by law. It also describes your rights to access and control your protected health information. "Protected health information" is information about you that may identify you and that relates to your past, present, or future physical or mental health or condition and related to health care services.

The new notice will be effective for all protected health information that we maintain at that time. Upon your request, we will provide you with any revised Notice of Privacy Practices. An updated copy will also be posted in our office.

**1. Uses and Disclosures of Protected Health Information**

Your protected health information may be used and disclosed by your physician, our office staff and others outside of our office that are involved in your care and treatment for the purpose of providing health care services to you.
